A Partner You Can Count On

You know Fisher Scientific is a respected resource in laboratories worldwide, an industry leader that has served the research market for more than a century. But were you also aware of Fisher Scientific's well-established and growing presence in the food industry? Whether you are concerned with the rigorous demands of quality control, product and worker safety, or regulatory compliance, Fisher Scientific is a strategic partner you can count on.

The Fisher Scientific Advantage

When you partner with Fisher Scientific, you get the benefits of our extensive experience, global reach, depth of product knowledge and proven reliability. We offer:

- Convenience and choice—a single source featuring the most comprehensive product portfolio in the industry
- Prompt, reliable delivery of the products you need, when you need them
- Cost optimization strategies including vendor consolidation, on-site inventory, and integrated supply chain management
- Customized solutions to meet specific needs
- Managed services that allow you to concentrate on your core objectives—Freeing You to Achieve Success
- Ability to leverage relationships globally with local sales coverage
- Sourcing power to offer economic value, quality and consistency

Food Testing Solutions

Offering the latest equipment, instrumentation and test kits on the market, Fisher Scientific delivers complete solutions to help you meet the rapidly changing testing needs in food and beverage diagnostics. Our extensive product offering includes everything from chemicals to chromatography, pH to pathogens, and rapid test kits to water quality.

More Choices with Fishersci.com

Fisher Scientific's advanced website, www.fishersci.com, offers you more product selection tools, more information, more ordering tools and more control of your funds. Just a few clicks will put all the products and suppliers that you need at your fingertips! Searching for and ordering products is quick and easy, and our automated Order Approval Process saves even more valuable time. Our website was designed to meet your most demanding business requirements!

Keeping You Current

Foodtrack, our quarterly industry publication, keeps you up-to-date with the latest news articles, featured products, and useful information affecting your industry.

Fisher Scientific's Food Diagnostics and Testing catalog offers a wide product portfolio including leaders in microbiology, biotechnology, physical properties, food chemistry and sanitation products to assist you in quality and safe food and beverage production.

To order the latest issue of Fisher Scientific's "FoodTrack" or a free copy of our Food Diagnostics and Testing catalog, log on to www.fishersci.com/food or call 800-766-7000.

Think Green!

Fisher Scientific proudly supports the sustainable green initiatives of our customers and looks for novel ways to continually improve our business processes to help in protecting the environment. Visit www.fishersci.com for resources and tools to support your initiatives.
